# REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION BY THE INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

#### TO THE BOARD OF DIRECTORS

#### T ENGINEERING CORPORATION PUBLIC COMPANY LIMITED

We have reviewed the statement of financial position of T Engineering Corporation Public Company Limited as at June 30, 2020, and the related statements of profit or loss and other comprehensive income for the three-month and six-month periods ended June 30, 2020, changes in shareholders' equity and cash flows for the six-month period ended June 30, 2020, and the condensed notes to the financial statements. The Company's management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard No. 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim financial information based on our review.

# **Scope of Review**

We conducted our review in accordance with Thai Standard on Review Engagements No. 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

# **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the aforementioned interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard No. 34 "Interim Financial Reporting".

# **Emphasis of Matters**

We draw attention to the following Notes to the interim financial statements;

- 1. Note 1 to the interim financial statements, as at June 30, 2020, the Company had total current liabilities in excess of total current assets and had large deficit and had comprehensive loss for the three-month and six-month periods ended June 30, 2020. The current liabilities mainly include trade and other payables and retention payables which are partially due and negotiated for installment. However, the Company's management believes that the preparation of the interim financial statements on a going concern basis is still appropriate because the Company still has current construction project and a winning bid project at present and the management also plans to reduce expenses to manage the Company's liquidity. In addition, the Extraordinary Shareholders' Meeting No. 1/2020 dated February 27, 2020, passed the resolution to approve the increase in share capital for offering to the existing shareholders in accordance with their shareholding ratio to support its working capital and repay its debts were dued. However, such situations indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern.
- 2. Note 2.7 to the interim financial statements, the Company has initially applied the Group of Financial Instruments Financial Reporting Standards which become effective for the financial statements for the accounting periods beginning on or after January 1, 2020. The Company has elected to recognize the cumulative effect of initially adopting of the group of Financial Instruments Financial Reporting Standards as an adjustment to the opening balance of retained earnings of the reporting period.
- 3. Note 27 to the interim financial statements, the Company has several litigations which are currently under the process of the courts.

Our conclusion is not modified in respect of these matters.

Kornthong Luangvilai Certified Public Accountant (Thailand) Registration No. 7210

T ENGINEERING CORPORATION PUBLIC COMPANY LIMITED CONDENSED NOTES TO THE INTERIM FINANCIAL STATEMENTS FOR THE THREE-MONTH AND SIX-MONTH PERIODS ENDED JUNE 30, 2020 "UNAUDITED"

# 1. OPERATION AND GENERAL INFORMATION OF THE COMPANY

T Engineering Corporation Public Company Limited (the "Company") was incorporated in Thailand under the Civil and Commercial Code on April 10, 1981 and engages as a plant and building construction and other related services.

On July 14, 2005, the Company was registered under the Public Limited Company Act. On September 28, 2006, the Company was listed in the Market for Alternative Investment ("MAI") on the Stock Exchange of Thailand.

The registered office of the Company is located at 15<sup>th</sup> floor, Rajanakarn Building, 3 South Sathorn Road, Yannawa, Sathorn District, Bangkok.

On August 14, 2018, the Board of Directors' meeting passed a resolution to approve the closure of a subsidiary. The subsidiary already registered the dissolution with the Department of Business Development on November 5, 2018 and registered the liquidation on January 28, 2019.

As at June 30, 2020, the Company had total current liabilities in excess of total current assets of Baht 52.91 million and had deficit of Baht 1,489.80 million and had comprehensive loss for the three-month and six-month periods ended June 30, 2020, of Baht 5.12 million and Baht 30.04 million, respectively. The current liabilities mainly include trade and other payables and retention payables which are partially due and negotiated for installment. However, the Company's management believes that the preparation of the interim financial statements on a going concern basis is still appropriate because the Company still has current construction project and a winning bid project at present and the management plans to reduce expenses to manage the Company's liquidity. In addition, on February 27, 2020, the Extraordinary Shareholders' Meeting No 1/2020 passed a resolution to increase share capital for offering to existing shareholders in accordance with their shareholding ratio to support its working capital and repay its debts were dued.

#### **Coronavirus Disease 2019 Pandemic**

The Coronavirus disease 2019 ("COVID-19") pandemic is continuing to evolve, resulting in an economic slowdown and adversely impacting most businesses and industries. This situation may bring uncertainties and have an impact on the environment in which the Company's operates. Nevertheless, the Company's management will continue to monitor the ongoing development and regularly assess the financial impact in respect of valuation of assets, provisions and contingent liabilities.

#### 2. BASIS OF PREPARATION AND PRESENTATION OF INTERIM FINANCIAL STATEMENTS

- 2.1 The interim financial statements is prepared in Thai Baht and in compliance with Thai Accounting Standard No. 34 "Interim Financial Reporting" and accounting practices generally accepted in Thailand. The Company presents the condensed notes to interim financial statements and the additional information is disclosed in accordance with the regulations of the Office of the Securities and Exchange Commission.
- 2.2 The statement of financial position as at December 31, 2019, presented herein for comparison, have been derived from the financial statement of the Company for the year then ended which had been previously audited.
- 2.3 The unaudited results of operations presented in the three-month and six-month periods ended June 30, 2020 are not necessarily an indication nor anticipation of the operating results for the full year.
- 2.4 Certain financial information which is normally included in the annual financial statements prepared in accordance with TFRS, but which is not required for interim reporting purposes, has been omitted. Therefore, the interim financial statement for the three-month and six-month periods ended June 30, 2020 should be read in conjunction with the audited financial statements for the year ended December 31, 2019.
- 2.5 The preparation of interim financial statement in conformity with Thai Accounting Standard No. 34 "Interim Financial Reporting" also require the Company's managements to exercise judgments in order to determine the accounting policies, estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the end of the reporting period and the reported amounts of revenue and expense during the reporting period. Although these estimates are based on managements' reasonable consideration of current events, actual results may differ from these estimates.
- 2.6 The Company prepared and presented the interim financial statement which did not recognize its interest in a joint operation in Joint Venture between Thai Industrial & Engineering Service Plc. and Reungnarong Co., Ltd. according to Thai Financial Reporting Standard No. 11 "Joint Arrangements" because such joint arrangement ceased its operation since 2014 and such investment in a joint operation has no material impact to the interim financial statements (see Note 10).
  - However, on November 13, 2019, the Board of Directors' meeting of the Company passed a resolution to approve the closure of Joint Venture between Thai Industrial & Engineering Service Plc. and Reungnarong Co., Ltd. On April 1, 2020, these joint venture has already submitted the statement for its liquidation and tax payment to the Revenue Department.
- 2.7 Thai Financial Reporting Standards affecting the presentation and disclosure in the current period financial statements

During the period, the Company has adopted the revised and new financial reporting standards and guidelines on accounting issued by the Federation of Accounting Professions which become effective for fiscal years beginning on or after January 1, 2020. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards, with most of the changes directed towards revision of wording and terminology, and provision of interpretations and accounting guidance to users of standards. The adoption of these financial reporting standards does not have any significant impact on the Company's financial statements, except the following financial reporting standards.

#### Group of Financial Instruments Standards

In the current period, the Company has initially applied Group of Financial Instruments Standards. The Company has elected to recognize the cumulative effect of initially adopting of Thai Financial Reporting Standard No. 9 "Financial Instruments" ("TFRS 9") as an adjustment to the opening balance of retained earnings of the reporting period.

TFRS 9 introduced new requirements for:

- 1) The classification and measurement of financial assets and financial liabilities;
- 2) Impairment of financial assets; and
- 3) General hedge accounting.

The Company has applied TFRS 9 in accordance with the transition provisions set out in TFRS 9.

#### (a) Classification and measurement of financial assets

The date of initial application (i.e. the date on which the Company has assessed its existing financial assets and financial liabilities in terms of the requirements of TFRS 9) is January 1, 2020. Accordingly, the Company has applied the requirements of TFRS 9 to instruments that continue to be recognized as at January 1, 2020 and has not applied the requirements to instruments that have already been derecognized as at January 1, 2020. Comparative amounts in relation to instruments that continue to be recognized as at January 1, 2020 have not been restated.

All recognized financial assets that are within the scope of TFRS 9 are required to be measured subsequently at amortized cost or fair value on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets, specifically. All equity investments are measured subsequently at fair value through profit or loss ("FVTPL").

Despite the aforegoing, the Company may irrevocably elect to present subsequent changes in fair value of an equity investment that is neither held for trading nor contingent consideration recognized by an acquirer in a business combination in other comprehensive income.

The management of the Company reviewed and assessed the Company's existing financial assets as at January 1, 2020 based on the facts and circumstances that existed at that date and concluded that the initial application of TFRS 9 has the following impact on the Company's financial assets as regards their classification and measurement:

- The Company's investments in redeemable notes were classified as investments held as available-for-sale under TAS 105 "Accounting for Investments in Debt and Equity Securities". The notes have been reclassified as financial assets at amortized cost because they are held within a business model whose objective is to collect the contractual cash flows and they have contractual cash flows that are solely payments of principle and interest on the principal amount outstanding;
- There is no change in the measurement of the Company's investments in equity instruments that are held for trading; those instruments were and continue to be measured at FVTPL;
- Investments classified as held-to-maturity under TAS 105 "Accounting for Investments in Debt and Equity Securities" and loans and receivables as they are held within a business model to collect contractual cash flows and these cash flows consist solely of payments of principal and interest on the principal amount outstanding.

None of the other reclassifications of financial assets have had any impact on the Company's financial position, profit or loss, other comprehensive income or total comprehensive income in either year.

# (b) Impairment of financial assets

In relation to the impairment of financial assets, TFRS 9 requires an expected credit loss model. The expected credit loss model requires the Company to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition of the financial assets. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognized.

Specifically, TFRS 9 requires the Company to recognize a loss allowance for expected credit losses on trade receivables and contract assets.

In particular, TFRS 9 requires the Company to measure the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses (ECL) if the credit risk on that financial instrument has increased significantly since initial recognition, or if the financial instrument is a purchased or originated credit- impaired financial asset. However, if the credit risk on a financial instrument has not increased significantly since initial recognition (except for a purchased or originated credit- impaired financial asset), the Company is required to measure the loss allowance for that financial instrument at an amount equal to 12- months ECL. TFRS 9 also requires a simplified approach for measuring the loss allowance at an amount equal to lifetime ECL for trade receivables, contract assets and lease receivables in certain circumstances.

Because the Company has elected to recognize the cumulative effect as an adjustment of retained earnings at the date of initial application, for the purpose of assessing whether there has been a significant increase in credit risk since initial recognition of financial asset that remain recognized on the date of initial application of TFRS 9 is January 1, 2020.

The result of the assessment is as follows:

**Unit: Baht** 

Items existing as at January 1, 2020 that are subject to the impairment provisions of TFRS 9

Cumulative additional allowance recognized

Trade and other non-current receivables

10,214,557	
10,214,557	

The additional credit loss allowance of Baht 10.21 million as at January 1, 2020 has been recognized against retained deficit, resulting in a net decrease in retained deficit of Baht 10.21 million as at January 1, 2020. The additional loss allowance is charged against the respective asset.

#### (c) Classification and measurement of financial liabilities

A significant change introduced by TFRS 9 in the classification and measurement of financial liabilities relates to the accounting for changes in the fair value of a financial liability designated as at FVTPL attributable to changes in the credit risk of the issuer.

Specifically, TFRS 9 requires that the changes in the fair value of the financial liability that is attributable to changes in the credit risk of that liability be presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss, but are instead transferred to retained earnings when the financial liability is derecognized.

Apart from the above, the application of TFRS 9 has had no impact on the classification and measurement of the Company's financial liabilities.

Please refer to (d) below for further details regarding the change in classification upon the application of TFRS 9.

(d) Disclosure in relation to the initial application of TFRS 9

There were no financial assets or financial liabilities which the Company has elected to designated as at FVTPL at the date of initial application of TFRS 9.

The table below shows information relating to financial assets that have been reclassified as a result of transition to TFRS 9.

# Thai Financial Reporting Standards No. 16 "Leases"

FVTOCI

Investments held as

available for sale -

equity securities

Other non-current

financial asset

25,254,440

The Company has applied TFRS 16 using the cumulative catch-up approach which:

- Requires the Company to recognize the cumulative effect of initially applying TFRS 16 at the date of initial application.
- Does not restate the comparative information and continue to present comparative information under Thai Accounting Standards No. 17 "Leased" ("TAS 17") and TFRIC Interpretations No. 4 "Determining whether an Arrangement Contains a Lease" ("TFRIC 4").

# a) Impact of the new definition of a lease

The change in definition of a lease mainly relates to the concept of control. TFRS 16 determines whether a contract contains a lease on the basis of whether the customer has the right to control the use of an identified asset for a period of time in exchange for consideration. This is in contrast to the focus on "risk and rewards" in TAS 17 and TFRIC 4.

The Company applies the definition of a lease and related guidance set out in TFRS 16 to all lease contracts entered into or changed on or after January 1, 2020. In preparation for the first-time application TFRS 16, the Company has carried out an implementation project. The project has shown that the new definition in TFRS 16 will not significantly change the scope of contracts that meet the definition of a lease for the Company.

# b) Impact on Lessee Accounting

Former operating leases

TFRS 16 changes how the Company accounts for lease previously classified as operating leases under TAS 17, which were off statement of financial position.

Applying TFRS 16, for all leases (except as noted below), the Company:

- 1) Recognizes right-of-use assets and lease liabilities in the statement of financial position, initially measured at the present value of the future lease payments, with the right-of-use asset adjusted by the amount of any prepaid or accrued lease payments in accordance with TFRS 16.
- 2) Recognizes depreciation of right-of-use assets and interest on lease liabilities in the statement of profit or loss and other comprehensive income.
- 3) Separates the total amount of cash paid into a principal portion (presented within financing activities) and interest (presented within financing activities) in the statement of cash flows.

Under TFRS 16, right-of-use assets are tested for impairment in accordance with TAS 36.

For short-term leases (lease term of 12 months or less) and leases of low-value assets (which includes photocopier, tablets, personal computers, small items of office furniture and telephones) the Company has opted to recognize a lease expense on a straight-line basis as permitted by TFRS 16. This expense is presented as expenses in profit or loss and other comprehensive income.

The Company has used the following practical expedients when applying the cumulative catch-up approach to leases previously classified as operating leases applying TAS 17.

- The Company has applied a single discount rate to a portfolio of leases with reasonably similar characteristics.
- The Company has adjusted the right-of-use asset at the date of initial application by the amount of provision for onerous leases recognized under TAS 37 in the statement of financial position immediately before the date of initial application as an alternative to performing an impairment review.
- The Company has elected not to recognize right-of-use assets and lease liabilities to leases for which the lease term end within 12 months of the date of initial application.
- The Company has excluded initial direct costs from the measurement of the right-of-use asset at the date of initial application.
- The Company has used hindsight when determining the lease term when the contract contains options to extend or terminate the lease.

#### Former finance leases

For leases that were classified as finance leases applying TAS 17, the carrying amount of the leased assets and obligations under finance leases measured applying TAS 17 immediately before the date of initial application is reclassified to right-of-use assets and lease liabilities respectively without any adjustments, except in cases where the Company has elected to apply the low-value lease recognition exemption.

The right-of-use asset and the lease liability are accounted for applying TFRS 16 from January 1, 2020.

# Financial impact of the initial application of TFRS 16

The Company recognized lease liabilities in relation to leases, which had previously been classified as operating leases under the principles of TAS 17. The right-of-use assets were measured at amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognized in the statement of financial position immediately before the date of initial application. These liabilities were measured at the present value of the remaining lease payments, discounted using the Company's incremental borrowing rates. The weight average lessees incremental borrowing rate applied to lease liabilities recognized in the statement of financial position on January 1, 2020 is 4.26% - 4.41%.

The following table shows the operating lease commitments disclosed applying TAS 17 at December 31, 2019, discounted using incremental borrowing rate at the date of initial application and the lease liabilities recognized in the statement of financial position at the date of initial application.

	Baht
Operating lease commitments at December 31, 2019	9,943,225
Short-term leases and leases of low-value assets	(9,453,225)
Effect of discounting the above amounts	(16,844)
Finance lease liabilities recognized under TAS 17	
at December 31, 2019	311,402
Lease liabilities recognized at January 1, 2020	784,558

The Company has recognized Baht 473,156 of right-of-use assets and Baht 473,156 of lease liabilities upon transition to TFRS 16.

In addition, the Federation of Accounting Professions has announced two Accounting Treatment Guidances, which have been announced in the Royal Gazette on 22 April 2020, detail as follows:

Accounting Treatment Guidance on "The temporary relief measures for entities supporting their debtors who effected from the situations that affected Thailand's economy"

The objective of this accounting treatment guidance is to grant the temporary relief measures for entities helping their debtors who effected from the situations that affected Thailand's economy with the helping period during January 1, 2020 to December 31, 2021 or until there are any changes from the Bank of Thailand, which require the compliance for such changes. The entities who support their debtors and elect to apply this accounting treatment guidance should be complied with all relief measures specified in this accounting treatment guidance.

Accounting Treatment Guidance on "The temporary relief measures for additional accounting alternatives to alleviate the impacts from COVID-19 outbreak"

This accounting treatment guidance is the option for all entities applying Financial Reporting Standards for Publicly Accountable Entities. Since the preparation of financial statements during the period, which COVID-19 situation still be highly uncertainty as at the end of reporting period may cause the entities' management to use the critical judgment in the estimation or the measurement and recognition of accounting transactions. Objective of this accounting treatment guidance is to alleviate some of the impact of applying certain financial reporting standards, and to provide clarification about accounting treatments during the period of uncertainty relating to this situation. The entities can apply this accounting treatment guidance for the preparation of financial statements with the reporting period ending within the period from January 1, 2020 to December 31, 2020.

The Company has not adopted such accounting treatment guidances in the preparation of the interim financial statements for the three-month and six-month periods ended June 30, 2020 because the Company does not have any conditions in accordance with such guidances.

#### 3. SIGNIFICANT ACCOUNTING POLICIES

The interim financial statements have been prepared based on the basis, accounting policies and method of computation consistent with those used in the financial statements for the year ended December 31, 2019, except the adoption of new and revised Thai Financial Reporting Standards as described in Note 2.7. Accounting policies which significantly changed are as follows:

#### 3.1 Financial Instruments

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

#### **Financial assets**

All recognized financial assets are measured subsequently in their entirely at either amortized cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

The Company may make the following irrevocable election/designation at initial recognition of a financial asset;

The Company may irrevocable elect to present subsequent changes in fair value of an equity investment in other comprehensive income if certain criteria are met (see (i) below).

# (i) Equity instruments designated as at FVTOCI

On initial recognition, the Company may make an irrevocable election (on an instrument-by-instrument basis) to designate investments in equity instruments as at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading or if it is contingent consideration recognized by an acquirer in a business combination, if any.

A financial asset is held for trading if;

- It has been acquired principally for the purpose of selling it in the near term; or
- On initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- It is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument).

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs.

Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in the investments revaluation reserve. The cumulative gain or loss is not be classified to profit or loss on disposal of the equity investments, instead, it is transferred to retained earnings.

Dividends on these investments in equity instruments are recognized in profit or loss in accordance with TFRS 9, unless the dividends clearly represent a recovery of part of the cost of the investment. Dividends are included in the "finance income" line item in profit or loss, if any.

The Company has designated all investments in equity instruments that are not held for trading as at FVTOCI on initial application of TFRS 9 (see Note 2.7).

#### (ii) Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortized cost or FVTOCI (see (i) above) are measured at FVTPL. Specifically, Investments in equity instruments are classified as at FVTPL, unless the Company designates an equity investment that is neither held for trading nor a contingent consideration arising from a business combination as at FVTOCI on initial recognition (see (i) above), if any.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognized in profit or loss to the extent they are not part of a designated hedging relationship. The net gain or loss recognized in profit or loss includes any dividend or interest earned on the financial asset and is included in the "other gains and losses" line item. Fair value is determined in the manner described in Note 28.

#### Impairment of financial assets

The Company recognizes a loss allowance for expected credit losses on investments in debt instruments that are measured at amortized cost or at FVTOCI, lease receivables, trade receivables and contract assets, as well as on financial guarantee contracts. The amount of expect credit losses is updated at each reporting period date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company always recognizes lifetime ECL for trade receivables and contract assets. The expected credit losses on these financial assets are estimated using a provision matrix based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial instruments, the Company recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

# 1) Write-off policy

The Company writes off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over two years past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognized in profit or loss.

#### 2) Measurement and recognition of expected credit losses

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. As for the exposure at default, for financial assets, this is represented by the asset's gross carrying amount at the reporting date; for financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Company's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, the expected credit loss is estimated as the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate.

If the Company has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Company measures the loss allowance at an amount equal to 12-month ECL at the current reporting date, except for assets for which simplified approach was used.

The Company recognizes an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, for which the loss allowance is recognized in other comprehensive income and accumulated in the investment revaluation reserve, and does not reduce the carrying amount of the financial asset in the statement of financial position.

# Derecognition of financial assets

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset measured at amortized cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in profit or loss. In addition, on derecognition of an investment in equity instrument which the Company has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to profit or loss, but is transferred to retained earnings (deficit).

#### Financial liabilities

All financial liabilities are measured subsequently at amortized cost.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

#### 3.2 Leases

The Company has applied TFRS 16 using the cumulative catch-up approach at the date of initial application and therefore comparative information has not been restated and is presented under TAS 17. The details of accounting policies under both TAS 17 and TFRS 16 are as follows:

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognizes a right-of-use asset and corresponding lease liability with respect to all lease arrangements in which it is the lease, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets (i.e. photocopied, tablets, personal computers, small items of office furniture and telephones). For these leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leases assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease.

If this rate cannot be readily determined, the Company uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- The amount expected to be payable by the lease under residual value gurantees;
- The exercise price of purchase options, if the lease is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the statement of financial position.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The Company remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever, if any:

- The lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- The lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using an unchanged discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The Company did not make any such adjustments during the periods presented.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any.

Whenever the Company incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognized and measured under TAS 37. To the extent that the costs relate to a right-of-use asset, the costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Company expects to exercise a purchase option, the related right-of-use is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

The right-of-use assets are presented as a separate line in the statement of financial position.

# 4. SUPPLEMENTARY DISCLOSURES OF CASH FLOWS INFORMATION

4.1 Non-cash item for the six-month periods ended June 30, 2020 and 2019 are as follows:

	2020	2019
	Baht	Baht
Gains on investments in equity instruments		
designated at fair value through		
other comprehensive income	3,620,401	-
Losses on remeasuring investments		
held as available for sale	-	(1,916,873)
Reversal of unrealized gains on remeasuring		
investments held as available for sale	-	(2,553,282)
Gains on remeasuring current investments		
in held-for-trading securities	-	1,641,304
Gains on financial assets mandatorily measured		
at fair value through profit or loss	38,940	-
Transfer provision for expected loss		
on construction contract to provision for		(2,469,000)
warranty	-	
Transfer provision for expected loss		
on construction contract to accrued expense	-	(4,598,916)
in held-for-trading securities Gains on financial assets mandatorily measured at fair value through profit or loss Transfer provision for expected loss on construction contract to provision for warranty Transfer provision for expected loss	- 38,940 -	(2,469,000)

4.2 Change in liabilities from financing activities for the six-month periods ended June 30, are as follows:

	Financing cash flows				
For the six-month period ended at June 30, 2020	Balance as at January 1, 2020	Cash received	Cash Paid	Change from implementation of TFRS 16	Balance as at June 30, 2020
	Baht	Baht	Baht	Baht	Baht
Lease liabilities	311,402	-	(302,315)	473,156	482,243
Other short-term borrowing	12,235,690				12,235,690
Total	12,547,092	_	(302,315)	473,156	12,717,933

	Financing cash flows			
For the six-month period	Balance	Cash	Cash	Balance
ended at June 30, 2019	as at	Received	paid	as at
	January 1, 2019			June 30, 2019
	Baht	Baht	Baht	Baht
Lease liabilities	593,833	-	(137,771)	456,062
Other short-term borrowing	12,235,690			12,235,690
Total	12,829,523		(137,771)	12,691,752

4.3 Cash and cash equivalents as at June 30, 2020 and December 31, 2019 consisted of the following:

	As at	As at
	June 30,	December 31,
	2020	2019
	Baht	Baht
Cash on hand	327,761	520,660
Cash at banks		
- Current accounts	33,432,008	41,340,403
- Savings accounts	2,836,394	2,836,991
- Fixed accounts		
(maturity less than 3 months)	196,151	99,377
Total	36,792,314	44,797,431

As at June 30, 2020 and December 31, 2019, savings accounts carry interest rate at the rate of 0.05% to 0.65% per annum and 0.38% to 0.65% per annum, respectively.

As at June 30, 2020 and December 31, 2019, fixed deposits at banks (maturity less than 3 months) carry interest rate at the rate of 0.15% to 0.80% per annum and 0.65% to 1.63% per annum, respectively.

# 5. TRADE AND OTHER CURRENT RECEIVABLES

Trade and other current receivables as at June 30, 2020 and December 31, 2019 consisted of the following:

	As at June 30, 2020 Baht	As at December 31, 2019 Baht
Trade receivables		
- Other parties		
Trade receivables		
Other current receivables Other current receivables

Advance payments	114,169	283,335
Prepaid expenses	2,091,687	922,420
Other current receivables	3,172,126	4,311,479
Total	3,172,126	4,311,479

The aging of trade receivables as at June 30, 2020 and December 31, 2019, are as follows:

	As at	As at
	June 30,	December 31,
	2020	2019
	Baht	Baht
Within credit term	-	-
Over due		
Within 3 months	-	-
Total	-	-

#### 6. INVENTORIES

Inventories as at June 30, 2020 and December 31, 2019, consisted of the following:

	As at June 30, 2020 Baht	As at December 31, 2019 Baht
Work in progress	-	418,500
Total	-	418,500

#### 7. CURRENT INVESMENTS AND OTHER CURRENT FINANCEIAL ASSETS

7.1 Current investments as a June 30, 2020 and December 31, 2019, consisted of the following:

	As at June 30, 2020 Baht	As at December 31, 2019 Baht
Current investments		
Held-for-trading securities - equity securities	-	14,739,788
Unrealized loss	-	(9,366,068)
Total	-	5,373,720

# Unrealized loss on remeasuring current investments in held-for-trading securities

As at June 30, 2019, the Company has unrealized loss on remeasuring current investments in held-for-trading securities of Baht 9.56 million which recognized gain on remeasuring current investments in held-for-trading securities as other income in the statements of profit or loss and other comprehensive income for the three-month and six-month periods ended June 30, 2019 of Baht 0.19 million and 1.64 million, respectively.

#### Trading of held-for-trading securities

For the three-month period ended June 30, 2019, the Company did not purchase and sell held-for-trading securities.

For the six-month period ended June 30, 2019, the Company did not purchase held-for-trading securities and sell held-for-trading securities of Baht 0.16 million.

As at June 30, 2020, the above current investments are classified as other current financial assets in accordance with TFRS 9 due to Note 7.2.

# 7.2 Other current financial assets as at June 30, 2020 and December 31, 2019, consisted of the following:

	As at	As at
	June 30,	December 31,
	2020	2019
	Baht	Baht
Financial assets mandatorily measured		
at fair value through profit or loss		
Shares	14,739,788	-
Unrealized loss	(9,327,128)	
Total	5,412,660	

# Losses on financial assets mandatorily measured at fair value through profit or loss

As at June 30, 2020, the Company has unrealized loss on remeasuring financial assets mandatorily measured at fair value through profit or loss of Baht 9.33 million which recognized gain on financial assets mandatorily measured at fair value through profit or loss as other gains in the statements of profit or loss and other comprehensive income for the three-month and six-month periods ended June 30, 2020 of Baht 0.35 million and Baht 0.04 million, respectively.

# Trading of financial assets mandatorily measured at fair value through profit or loss

For the three-month and six-month periods ended June 30, 2020, the Company did not purchase and sell financial assets mandatorily measured at fair value through profit or loss.

#### 8. DEPOSITS AT FINANCIAL INSTITUTION WITH RESTRICTION OF USE

As at June 30, 2020, deposits at financial institution with restriction of use amounting to Baht 15.50 million, were fixed accounts with maturity term of 3 - 12 months, carrying interest rate at 0.15% to 0.80% per annum, which the Company used as collateral for facility of letters of guarantee issued by financial institutions (see Note 25.1).

As at December 31, 2019, deposits at financial institution with restriction of use amounting to Baht 256.85 million are fixed deposits with the maturity of 3 - 12 months, carrying interest rate at 0.65% to 1.63% per annum, which the Company used as collateral for facility of letters of guarantee issued by the financial institutions (see Note 25.1).

# 9. OTHER NON - CURRENT FINANCIAL ASSETS AND INVESTMENTS HELD AS AVAIALABLE

#### FOR SALE

9.1 Other non - current financial assets as at June 30, 2020 and December 31, 2019, consisted of the following:

	As at	As at
	June 30,	December 31,
	2020	2019
	Baht	Baht
Financial assets measured at fair value		
through other comprehensive income		
Investment in equity instruments	54,965,867	-
Unrealized loss	(26,091,026)	
Total	28,874,841	-

Loss on investments in equity instruments designated at fair value through other comprehensive income

As at June 30, 2020, the Company has unrealized loss on remeasuring investments in equity instruments designated at fair value through other comprehensive income of Baht 26.09 million. The Company recognized gain on investments in equity instruments designated at fair value through other comprehensive income as other comprehensive income of Baht 4.28 million and Baht 3.62 million, respectively in the statement of profit or loss and other comprehensive income for the three-month and six-month periods ended June 30, 2020.

<u>Trading of investments in equity instruments designated at fair value through other</u> comprehensive income

For the three-month and six-month periods ended June 30, 2020, the Company did not purchase and sell investments in equity instruments designated at fair value through other comprehensive income.

9.2 Investments held as available for sale as at June 30, 2020 and December 31, 2019, consisted of the following:

	As at June 30, 2020 Baht	As at December 31, 2019 Baht
Investments held as available for sale		
Equity securities	-	54,965,867
Unrealized loss	-	(29,711,427)
Total	-	25,254,440

Unrealized loss on change in fair value of investments held as available for sale

As at June 30, 2019, the Company has unrealized loss on change in fair value of investments held as available for sale of Baht 23.38 million. The Company recognized unrealized gain on change in fair value of investment held as available for sale as other comprehensive income of Baht 0.25 million and unrealized loss on change in fair value of investment held as available for sale as other comprehensive loss of Baht 1.92 million in the statements of profit or loss and other comprehensive income for the three-month and six-month periods ended June 30, 2019, respectively.

The Company recognized reversal of unrealized gain from sales investments held as available for sale as other comprehensive loss in the statements of profit or loss and other comprehensive income for the six-month period ended June 30, 2019 of Baht 2.55 million (for the three-month period ended June 30, 2019 : Nil).

# Trading of investments held as available for sale

For the six-month period ended June 30, 2019, the Company did not purchase investments held as available for sale and sold investments held as available for sale of Baht 2.39 million (for the three-month period ended June 30, 2019, the Company did not purchase and sell investments held as available for sale).

As at June 30, 2020, the above investments held as available for sales are classified as other non-current financial assets as TFRS 9 according to Note 9.1.

#### 10. INVESTMENT IN A JOINT ARRANGEMENT

Investment in a joint arrangement as at June 30, 2020 and December 31, 2019, is as follows:

Name of joint arrangement	Type of Business		hip interest	Cost	(Baht)
		As at June 30, 2020	As at December 31, 2019	As at June 30, 2020	As at December 31, 2019
Joint Venture between Thai Industrial & Engineering Service Plc. And	Construction Business				
Reaungnarong Co., Ltd. <u>Less</u> Allowance for impairment		-	51	-	510,000 (510,000)
Total investment in a joint arrangement			_	-	

The Company prepared and presented the consolidated financial statements, which did not include the interest in a joint arrangement in Joint Venture between Thai Industrial & Engineering Service Plc. and Reaungnarong Co., Ltd. since it is not material to the financial statements (see Note 2.6).

However, on November 13, 2019, the Board of Directors' meeting of the Company passed a resolution to approve the closure of Joint Venture between Thai Industrial & Engineering Service Plc. and Reungnarong Co., Ltd. On April 1, 2020, this joint venture has already submitted the statement for its liquidation and tax payments to the Revenue Department.

#### 11. TRADE AND OTHER NON-CURRENT RECEIVABLES

Trade and other non-current receivables as at June 30, 2020 and December 31, 2019, consisted of the following:

	As at June 30, 2020 Baht	As at December 31, 2019 Baht
Trade receivables		
- Other parties	154,519,031	157,837,786
<u>Less</u> Loss allowance	(151,189,858)	(147,850,268)
Trade receivables	3,329,173	9,987,518

	As at June 30, 2020 Baht	As at December 31, 2019 Baht
Other non-current receivables		
Other receivables		
- Other parties	5,414,352	6,314,352
- Other receivables - bank (see Note 27.1)	5,334,318	5,334,318
<u>Less</u> Loss allowance	(8,970,564)	(6,314,352)
Other receivables	1,778,106	5,334,318
Advance payments	200,000	-
Advance payments for construction	2,276,395	2,276,395
Other non-current receivables	4,254,501	7,610,713
Total	7,583,674	17,598,231

The aging of trade receivables as at June 30, 2020 and December 31, 2019, are as follows:

	As at	As at
	June 30,	December 31,
	2020	2019
	Baht	Baht
Overdue		
Over 12 months	154,519,031	157,837,786
Total	154,519,031	157,837,786

For the six-month periods ended June 30, 2020 and 2019, the movements of loss allowance are as follows:

	2020 Baht	2019 Baht
Beginning balances as previously reported	154,164,620	193,784,402
Add Impact on recognized loss allowance as TFRS 9	10,214,557	-
Beginning balances - new Financial Reporting	_	
Standards	164,379,177	193,784,402
<u>Less</u> Reversal of impairment loss during the periods	(4,218,755)	-
Ending balances	160,160,422	193,784,402

# 12. NON-CURRENT CONTRACT ASSETS

Non-current contract assets as at June 30, 2020 and December 31, 2019, consisted of the following:

	As at June 30, 2020 Baht	As at December 31, 2019 Baht
Non-current contract assets	38,651,782	39,619,782
<u>Less</u> Loss allowance	(38,651,782)	(39,619,782)
Non-current contract assets (see Note 22)		-

For the six-month periods ended June 30, 2020 and 2019, the movements of loss allowance are as follows:

	2020 Baht	2019 Baht
Beginning balances	39,619,782	39,619,782
<u>Less</u> Reversal of impairment loss during the periods	(968,000)	-
Ending balances	38,651,782	39,619,782

# 13. PROPERTY, PLANT AND EQUIPMENT

As at June 30, 2020, property, plant and equipment in the financial statements decreased approximately Baht 1.97 million mainly due to increase in accumulated depreciation.

As at June 30, 2019, property, plant and equipment in the financial statements decreased approximately Baht 2.66 million mainly due to increase in accumulated depreciation and sold of land and buildings. The Company transferred the rights on such land and buildings to the purchaser on June 25, 2019 and June 28, 2019. The Company transferred the gain on revaluation of asset from sale of asset of Baht 0.32 million to retained earnings (deficit) and recognized gain on sale of property, plant and equipment Baht 2.40 million as part of other income in the statements of profit or loss and other comprehensive income for the three-month and six-month periods ended June 30, 2019.

#### 14. RETENTION RECEIVABLES

Retention receivables as at June 30, 2020 and December 31, 2019, consisted of the following:

	As at June 30, 2020 Baht	As at December 31, 2019 Baht
Retention receivables	109,068,994	128,437,317
<u>Less</u> Loss allowance	(49,076,803)	(58,037,653)
Total	59,992,191	70,399,664

For the six-month periods ended June 30, 2020 and 2019, the movements of loss allowance are as follows:

	2020 Baht	2019 Baht
Beginning balances Less Written-off during the periods	58,037,653	58,603,222 (565,569)
Less Reversal of impairment loss during the periods	(8,960,850) 49,076,803	58,037,653
Ending balances	49,070,803	36,037,033

# 15. OTHER NON-CURRENT ASSETS

Other non-current assets as at June 30, 2020 and December 31, 2019, consisted of the following:

	As at	As at
	June 30,	December 31,
	2020	2019
	Baht	Baht
Guarantees and deposits	1,971,773	2,927,273
Withholding tax	74,884,412	65,473,501
Total	76,856,185	68,400,774
<u>Less</u> Allowance for impairment	(1,119,388)	(1,119,388)
Total	75,736,797	67,281,386

# 16. TRADE AND OTHER CURRENT PAYABLES

Trade and other current payables as at June 30, 2020 and December 31, 2019, consisted of the following:

	As at June 30, 2020 Baht	As at December 31, 2019 Baht
Trade payables		
- Other parties	45,024,874	108,128,422
Trade payables	45,024,874	108,128,422
Other current payables Other current payables - Other parties	6,797,693	75,797,585
Accrued expenses	4,527,753	13,390,506
Other current payables	11,325,446	89,188,091
Total	56,350,320	197,316,513

#### 21. BASIC EARNINGS (LOSSES) PER SHARE AND DILUTED EARNINGS (LOSSES) PER SHARE

Basic earnings (losses) per share for the three-month and six-month periods ended June 30, 2020 and 2019 are calculated by dividing profit (loss) for the periods by weighted average number of ordinary shares issued during the periods.

For the three-month and six-month periods ended June 30, are as follows:

	For the three-month periods ended June 30,	
	2020	2019
	Baht	Baht
Loss for the periods (Baht)	(9,392,662)	(10,065,902)
Ordinary shared - beginning balance (shares)	10,114,938,156	10,114,938,156
Effect from issue shared capital during the periods	329,736,264	-
Weighted average number of ordinary shares (shares)		
as at June 30,	10,444,674,420	10,114,938,156
Basic loss per share (Baht)	(0.0009)	(0.0010)
	For the six-month pe	
	2020	2019
Profit (loss) for the periods (Baht)	-	
Profit (loss) for the periods (Baht) Ordinary shared - beginning balance (shares)	2020 Baht	2019 Baht
• • •	2020 Baht (33,660,129)	2019 Baht 44,270,874
Ordinary shared - beginning balance (shares)	2020 Baht (33,660,129) 10,114,938,156	2019 Baht 44,270,874
Ordinary shared - beginning balance (shares) Effect from issue shared capital during the periods	2020 Baht (33,660,129) 10,114,938,156	2019 Baht 44,270,874

#### DILUTED EARNINGS (LOSSES) PER SHARE

Diluted earnings (losses) per share for the three-month and six-month periods ended June 30, 2020 and 2019 are calculated by dividing the profit (loss) for the periods of ordinary shareholders by the sum of the weighted average number of ordinary shares outstanding during the periods and the weighted average number of shares to be issued for the exercise of all dilutive potential ordinary shares into ordinary shares, without any consideration. The calculation assumes that the holders will exercise dilutive potential ordinary share into ordinary shares when the exercise price is lower than fair value of ordinary shares. However, for the three-month and six-month periods ended June 30, 2020, there is no has warrants which are able to exercise to ordinary shares and fair value of the Company's ordinary shares for the three-month and six-month periods ended June 30, 2019 were lower than the exercise price causing the Company to exclude the effect of dilutive potential ordinary share from the calculation of diluted earnings (losses) per share.

# 22. SIGNIFICANT INFORMATION OF CONSTRUCTION CONTRACTS

Significant information of construction contracts as at June 30, 2020 and December 31, 2019, are as follows:

2017, are as 10110ws.		
	As at June 30, 2020 Baht	As at December 31, 2019 Baht

For the three-month periods ended June 30, 2020 and 2019, the Company has revenue from construction contract from 2 major customers in total amount of Baht 19.65 million and 3 major customers in total amount of Baht 61.30 million, respectively. For the sixmonth periods ended June 30, 2020 and 2019, the Company has revenue from construction contract from 1 major customer in total amount of Baht 42.96 million and 4 major customers in total amount of Baht 113.07 million, respectively.

#### 27. LITIGATIONS

On July 24, 2012, the Company sued a company (the "Contractor") for breach of the construction contract in the amount of Baht 100.23 million and such company sued counterclaim the Company in the same lawsuit in amount of Baht 281.02 million. On April 28, 2016, the Civil Court already rendered its judgement ordered the Company to pay such company (the "Contractor") in amount of Baht 105.31 million.

Later, on May 25, 2018, the Appeal Court rendered its judgement to reverse the Civil Court's judgement and ordered the Contractor to pay the Company net of Baht 43.69 million with interest since the date of prosecution until payment completion which is the amount after deducted compensation to the Contractor of Baht 30.80 million. Therefore, reversal of provision for loss on litigations of Baht 21.85 million was made, resulting in provision for loss on litigations as at June 30, 2020 and December 31, 2019 amount of Baht 30.80 million. The Company processed petition to the Supreme Court on April 5, 2019. The case is being considered by the

Supreme Court. The Company's management believes that the resultant losses will not significantly differ from recorded provision.

Moreover, during 2017, the bank which issued letters of guarantee to such contractor on behalf of the Company deducted the Company's deposit at bank of Baht 5.33 million to repay the obligations for such letters of guarantee. The Company recognized such transaction as other receivable - bank and presented as part of trade and other non-current receivables (see Note 11) as the Company believes that the bank had no rights to deduct the Company's deposit at bank because the case has not resolved.

Subsequently, on May 25, 2018, the bank which issued letters of guarantee to such contractor on behalf of the Company sued the Company to make a payment according to a request for issuance the letters of guarantee of Baht 49.49 million. The Civil Court took evidence in June 2019 and on August 15, 2019, the Civil Court already rendered its judgment to dismiss the case and ordered the bank to return the money deducted from the Company's deposit at bank of Baht 12.31 million with interest since the date of prosecution until payment completion. In October 2019, the Company requested the Court to issue an execution warrant and meanwhile, bank appealed such case to the court. Subsequently, the Company submitted the appeal amendment on February 21, 2020. This case is currently being considered by the Appeal Court. The Court appointed hearing judgement on September 22, 2020.

27.2 The Company had been requested to be co-defendant in litigation cases in which the Contractor under the construction contract (the "Contractor") had sued a company which issued the agreement for performance guarantee and the agreement for advance receipt guarantee on behalf of the Company (the "Guarantor"). The Company sued counterclaimed the Contractor and the Company and the Contractor raise such disputes in the Arbitration process.

However, as the Company has disclosed information to the Electronic Listed Companies Information Disclosure (ELCID). The Company has already settled the disputes with the Contractor which was the settlement of all disputes in the court and the Arbitration process. In which, the Company and the Contractor agreed to will not raise any issues in the future.

The brief information of the case before agreed settlement of disputes can be summarized as follows:

The Contractor sued the Guarantor to the Civil Court. The Guarantor requested the Company to be co-defendant with the claim amount of Baht 159.76 million. The Civil Court rendered the order to allow the Company to be co-defendant and the Company had sued for counterclaim to the Contractor with the claim amount of Baht 198.29 million.

On March 9, 2015, the Civil Court had ordered to strike the cases on the agreement for performance guarantee and the agreement for advance receipt guarantee out of the case-list in order to let the Company and the Contractor being into Arbitrator's process. The Contractor appealed to the Appeal Court.

On January 26, 2016, the Appeal Court reaffirmed the Civil Court for the cases on the agreement for performance guarantee and the agreement for advance receipt guarantee. The Contractor filed the petition to the Supreme Court. Later on November 2, 2016, the Supreme Court had ordered related to the agreement for performance guarantee to reverse the judgement for allowing the Company being the co-defendant and dismissed the Appeal Court's order and the Civil Court's order the struck the case out of the case-list and had ordered the Civil Court's to retry the consideration of the cases. On March 1, 2017, the Supreme Court had ordered related to the agreement for advance receipt guarantee to dismiss the Appeal Court's order and the Civil Court's order that struck the case out of the case-list and had ordered the Civil Court to retry the consideration of the case.

On June 26, 2017, the Company has submitted a dispute between the Company and the Contractor to the Arbitration process. The Company recorded provision for losses on litigations as at December 31, 2018 amount of Baht 44.41 million. The arbitrator resigned in June 2019. Later, on August 22, 2019, International Court of Arbitration of the International Chamber of Commerce ("ICC") appointed a new arbitrator for such dispute consideration.

Subsequently, on January 8, 2020, the Board of Directors' meeting No. 1/2020 passed a resolution to approve settlement of disputes between the Company and the Contractor. On February 5, 2020, the Company entered into the Settlement Agreement with such Contractor. In which, the Company and the Contractor agreed to withdraw all relevant lawsuits and will not raise any issue in the future. The Company has compromised to pay the Contractor for case settlement according to the amount of the agreement for performance guarantee and the agreement for advance receipt guarantee with agreed interest in amount of Baht 208.53 million which resulting in provision for losses on litigations as at December 31, 2019 amount of Baht 139.24 million. The Company fully paid such amount by deposit at financial institution with restriction of use (see Note 8) in February 2020. Therefore, the Company has no outstanding balance for provision for losses on litigations as at June 30, 2020 and the Company recorded write-off the related financial assets resulting from such settlement of disputes totally amount Baht 13.25 million as administrative expenses in the statement of profit or loss and other comprehensive income for the six-month period ended June 30, 2020.

27.3 On July 27, 2017, the Company was sued by 2 sub-contractors for breach of the construction agreements and the guarantee agreements due to termination made by the Company on July 13, 2017 with the claim amount of Baht 14.10 million. Later, on October 11, 2017, the Company had submitted testimony and sued for counterclaim 2 sub-contractors in the amount of Baht 11.39 million. The Civil Court had ordered to accept testimony and sued for counterclaim. Later, the Court appointed the mediation of the case. On March 29, 2018, the parties could not agree together and accept to return the case to the court consideration process. The Civil Court had ordered to take evidence on October 16 - 18, 2018 and on November 27, 2018, the Civil Court rendered its judgment to order the Company to make payment to subcontractors and return letter of guarantee.

Subsequently, during May 2019, the Company received the rights to claim sequestered notice from Legal Execution Department to sequester the rights of some cash at bank of the Company of Baht 0.99 million and the bank has already withdrawn such cash to the Legal Execution Department. Subsequently, on May 26, 2020, the Appeal Court rendered its judgement to reverse the Civil Court's judgement which ordered the sub-contractor to pay the Company of Baht 11.12 million with interest since the date of prosecution until payment completion. The sub-contractors currently extend to Supreme Court until August 21, 2020.

Later, on June 25, 2020, the Company has submitted a petition to withdraw the execution warrant as the Appeal Court judgement. On July 1, 2020, the court ordered the withdrawal of the execution warrant. And on July 21, 2020, the Company already received sequestered money from Legal Execution Department. Therefore, provision for loss on litigations as at June 30, 2020 and December 31, 2019 is Baht 2.26 million. The management believes that the resultant losses will not significantly differ from the provision that is recognized in the financial statements.
